FOLEY'S KIDNEY PILLS
For Backache, Kidneys and Bladder

—Many of our readers doubtless remember that in February, 1912, Wilburn J. Snyder, was shot to death on the Longhope mountain, while in company with a young girl, by his two sons, Conley and W. C. Snyder. The young men surrendered to the authorities, given a preliminary hearing before a board of magistrates, and released, the evidence, as they saw it, making it a plain case of killing in self-defense. The young men have since spent much of their time in Tenn. After their acquittal, a chain of evidence began to lengthen link until the last term of Watauga Superior Court, the case came up before the grand jury and a bill was found against the boys for murder. Last week Deputy Sheriff Lewis received a message from Mountain City, stating that the boys were there, if wanted. Law is phoned to a Johnson county officer to arrest and hold them until he got there, which he did, and today Conley and W. E. Snyder (as the case is not a balable one) are confined in the county jail to await the next term of Watauga Superior court to answer to the grave charge of parricide.

At the Training School

The Enrollment at the Appalachian Training School for this term is already beyond 150, and others coming.

Beecher Anderson was called home last week to see after some business on his father's farm, near Lenoir.

There are now 37 at Newland Hall, and Professor Greer says that they really find something to eat for all that crowd of boys, some enterprise that.

Harrison Greer went home Saturday to secure hands to look after his crop. He will be gone a few days.

Mr. R. R. Garvey has been visiting his many friends. We are always glad to see him. He is now a student in the North Carolina Medical College at Charlotte.

The school attended the Farmers Institute on Saturday. The exercises were very interesting and instructive. The two ladies of the workers, Mrs. Henry Slagle and Miss Lucy Webb, took dinner at Lovill Home.

A letter received from Miss Chloe Lewis at Carson-Newman College brings the good, but expected, news that she is getting on well in her work.

Letcher Bingham passed through a few days ago on his way to Richmond to study Dentistry. We wish him success.

Alex Brown was at home. He is making good in his school at McGuire.

The number of young ladies at Lovill Home at this writing is 49.

"I was cured of diarrhoea by one dose of Chamberlain's Colic, Cholera and Diarrhoea remedy," writes M. E. Gebhardt, Oriole, Pa. There is nothing better. For sale by all dealers.

UNVEILING A BOONE MARKER.

During October the Edward Buncombe Chapter Daughters of the American Revolution will unveil one of the "Markers" on Daniel Boone's Trail from Holman's Ford into Kentucky. The date will be set later on, and it is hoped that the people of Boone and Watauga will assemble in Boone on that occasion as a mark of their interest. As the Masonic Picnic has been postponed till the 23rd of October, an effort will be made to have the D. A. R's have their unveiling on that day also, so that as many as possible may be in attendance. Addresses will be made by speakers who have great knowledge of Boone's history, and several members of the Edward Buncombe chapter will come to Boone from Asheville to assist in the ceremonies. The date cannot now be definitely fixed because Mrs. Lindsay Patterson, the State President of the D. A. R's cannot tell definitely when the tablets will be ready. A letter from Mrs. Theodore S. Morrison of Asheville, the Regent of the Edward Buncombe Chapter, however, states positively that the unveiling will take place during October at Boone. On this occasion there will also be fitting ceremonies in honor of the monument that was so patriotically erected last Fall by Col. W. I. Bryan, but of which no official recognition has heretofore been taken. That monument is a credit to the town and section, and has attracted much attention from every visitor who has been here since it was built.
